Eye Wash Bottle Weekly Inspection Check List

Building: **Lab room #:**

Weekly Checklist (date and initial below):

1) For unsealed bottles perform a weekly water change

2) For sealed bottles: a) Is the seal broken? b) Is the buffered solution expired?

Date	Initials	Date	Initials	Date	Initials	Date	Initials

Eye wash bottles are only used initially in order to find the closest eye wash station.

Please contact your Faculty's Health & Safety Officer to address any issues.

Keep filled sheets in your health and safety binder for your records.
