

AUGUST 21ST SOLAR FAIR

2017's exciting celestial event!

Hosted at York University's Lions Stadium, live viewing of the solar eclipse from YorkU and the path of totality will be displayed on the big screen! The York University Observatory Team will have individual solar glasses and several solar telescopes for everyone to safely view the solar eclipse with their own eyes! Lets Talk Science will have interactive science demonstrations. Build your own pin-hole camera to safely view the eclipse. Admission is free for everyone.

More information contact observe@yorku.ca or visit <http://science.yorku.ca/>

Ice Cream generously donated by the York University Fellowship FUNd
