

Department of Biology Course Outline

SC/BIOL 3150 4.00, Microbiology
Fall 2018

Course Description (Subject to change until September 22nd)

Fundamentals of microbiology; microbial organisms; microbe-host interactions; microbial genetics and evolution; microorganisms and human disease; environmental and applied microbiology. Three lecture hours, three laboratory hours. One term. Four credits.

Prerequisites

Prerequisites: One of the following: (1) SC/BIOL 2020 4.00 or SC/BCHM 2020 4.00; SC/BIOL 2021 4.00 or SC/BCHM 2021 4.00; SC/BIOL 2040 4.00; (2) if the 3 credit course is taken in either one or more of SC/BIOL 2020, SC/BIOL 2021, SC/BIOL 2040 3.00, then SC/BIOL 2070 3.00 is required. Course credit exclusion: SC/BIOL 3150 3.00.

Course Instructors and Contact Information

Course Director
Dr. Dasantila Golemi-Kotra
E-mail: dgkotra@yorku.ca
Office hours: By appointment

Schedule

Day and Time of Lectures: **Mon/Wed 11:30-13:00 am in LSB103.**
Labs: Tue/Wed/Thu 2:30 – 5:30 pm; Tue/Wed(Thur) 6:30 -9:30 pm in 109 Lumbers.
(for more details on labs you can refer to the course website).

Evaluation

Midterm 1: 10%
Midterm 2: 13%
Midterm 3: 13%
Final Exam: 25%
Laboratory: 35%
Clickers*: 4%

*A new program for clickers will be used, referred to as “REEF” or “IClicker Cloud”.

Midterms and final exams will include:

1. Questions based on the lecture material and reading assignments
2. Midterms will be during class time. The final exam will be comprehensive. Dates/times/rooms for exams are scheduled and published by the registrar's office (RO).

The format of midterms and final exam will be multiple choice questions and short answer questions.

Clickers assessment will include 2% for participation and 2% for correctness.

Evaluation: The Lecture and Labs must be passed independently to pass the course.

Course Drop deadline: Last date to drop a course without receiving a grade (also see Financial Deadlines): Nov. 9 2018

Course Withdrawal Period (withdraw from a course and receive a grade of “W” on transcript): Nov. 10 to Dec. 4 2018. For more info: <http://registrar.yorku.ca/enrol/dates/fw18>

Last Date to submit a course work (e.g. Lab Report): Dec. 5 2017.

Important Dates

First day of Class: September 5

First Week of Lab: September 17-21

The following dates are tentative only. They are subject of change. Do not schedule trips and/or important events on these dates.

Midterm #1 (10%): September 26

Midterm #2 (13%): October 29

Drop date: November 9

Reading week October 6 -12

Midterm #3 (13%): November 28

Final Exam (25%): Will be scheduled by University Registrar

Last day of Class: December 4

Last week of Lab: November 13-17

NOTE: for additional important dates such as holidays, refer to the “Important Dates” section of the Registrar’s Website at <http://www.yorku.ca/yorkweb/cs.htm>

Resources

Lecture Materials

- The lecture notes will be based on the Madigan et al. Brock Biology of Microorganisms 14th ed or 15 ed Pearson Publishing.
- The 13th or 12th Edition of this text are acceptable.
- There may be copies of the text on reserve (2 h) in the Steacie Library
- Any Lecture materials that is not in the text will be posted on Moodle.

Lab Materials (Mandatory)

- Lab coat + Safety goggles
- Lab Manual will be posted on Moodle at least one week before the lab date.
- Lab Notebook (NO loose leaf paper or binder. You can purchase a Lab Notebook at York Bookstore)

Course Website

- Any course material other than the text book will be posted on Moodle, including lecture slides, exam results, and supplementary information.
- Announcements related to the course will be posted on Moodle.
- Any discussion related to the course material should be made on Moodle (<http://moodle.yorku.ca>)

Learning Outcomes

Lecture Learning Outcomes:

- Explain major concepts, methodologies and issues in microbiology, demonstrating detailed knowledge in certain topics (i.e. planned course topics).
- Gather, review, evaluate and interpret microbiology information (in reviews, primary sources and mass media articles).
- Apply learning from other areas (e.g. biochemistry, genetics) to microbiological problems/situations.
- Solve basic microbiological problems.
- Design simple microbiological experiments.
- Predict the outcome of microbiological experiments.
- Identify problems and suggest possible solutions in terms of microbiology and society.
- Communicate (orally and in writing) microbiological concepts clearly to peers and a scientific audience.
- Discuss and debate current issues relating to microbiology.
- Effectively and collegially work with others in the microbiology laboratory and class setting.

LABORATORY LEARNING OBJECTIVES:

- The laboratory exercises have been designed to support and develop concepts from the lectures, text and related scientific literature. The exercises will also:
- Introduce aseptic techniques and basic microbiological methodology.
- Carry out microbiological laboratory activities with safety, reliability and a good understanding of aseptic technique.
- Provide opportunities to observe and practice microbiological concepts, and determine the importance of microorganisms in the environment, food industry, and in human health.

Course Content

LECTURE TOPICS

Chapters correspond to Madigan, 14th ed. (2015). Coverage of chapters will not necessarily be complete. We will also not necessarily be working linearly through the textbook. Students are advised to attend all lectures and study those sections of the text relevant to the lecture topics. Midterm and exam questions will relate primarily to the topics covered during lecture but some self-study will also be required. Lab material will also form part of the midterm and final exam evaluations.

COURSE TOPICS: The following topics will be covered during the Fall Semester.

- History of microbiology
- Cell structure/ function of bacteria and archaea
- Metabolism of bacteria
- Microbial Growth
- Molecular Microbiology
- Genetics/ genomics of bacteria
- Evolution/ systematics/ taxonomy of bacteria and archaea
- Bacterial regulation/ signal transduction (e.g. chemotaxis, quorum sensing)
- Human-Microbe interactions
- Diagnostic Microbiology
- Infection diseases and their transmission

Please see Moodle for more detailed lecture schedule.

Experiential Education and E-Learning

Experiential Education:

- Laboratory work

E-learning:

- Moodle website
- Supplemental videos and presentations for laboratories

Course Policies

MISSED MIDTERMS:

- **IMPORTANT:** If you miss a test because of illness, you **MUST** see a Physician within 24 hours of the missed test – normally on the same day - so that the Physician can confirm you are too ill to attend the test based on medical examination. Valid documentation for medical situations consists of an “Attending Physician’s Statement” from the petitions package http://www.registrar.yorku.ca/pdf/attend_physician_statement.pdf or letter/document of similar detail. **A note that simply says you were seen in the clinic will not be accepted.** Any documentation should cover the date of the missed test.
- In case of Death of an immediate family member you need to submit a death certificate or letter from the funeral director
- Contact your instructor to determine the appropriate documentation required for other circumstances.
- You must submit the valid documentation for the missed test (see above) using the following online submission link: <http://science.apps01.yorku.ca/machform/view.php?id=84113>. This submission should be done within two days (48 hours) of the missed midterm exam.
- If appropriate documentation is NOT provided within ONE week, a zero will be earned on the missed midterm.
- NOT all situations will be accommodated, meaning that a zero will be earned on the missed test or exam.
- Circumstances not accommodated include, but are not limited to, schedule confusion, sleeping in, missing the bus, personal endeavors (including a job), and busy lives.
- If ONE midterm is missed with a valid excuse and documentation (e.g. illness with a doctor’s note), the weight will be shifted to the final exam.
- If more than one test is missed, you must attend a makeup test within one week of the missed day. **The rescheduled test will take place in the Lecture day (room); No need to reschedule with the Instructor. It is student’s responsibility to show up for the makeup test. No announcement will be made. Failure to attend a makeup test (for a second or third missed test) will result automatically in a 0 mark for the missed test(s).**

MISSED FINAL EXAM:

- If you miss the final exam for a valid reason (e.g. medical emergency, death of an immediate family member) you must request deferred standing and notify the course director within 48 hours of missing the exam.
- **All students** who miss the final examination **must petition** if they are seeking deferred standing. Students will have to seek deferred standing by submitting a petition to their home faculty. It will be the Petition Committee’s decision whether deferred standing is granted and, if deferred standing is granted, this committee will also set the deadline for writing the deferred examination.

TEST AND EXAM REAPPRAISALS:

- For written answers on midterms and the final exam: if you believe that a written answer on a test was marked incorrectly, you must submit a written rationale that is based on academic grounds* with your test to the Instructor within ONE week of the test being made available to you. **Only those answers written in ink will be eligible for regrading.**

Note: Regrading can result in the grade being raised, confirmed or lowered.

**Academic grounds means you make an academic argument for why your answer is correct – statements such as “this grade does not reflect my knowledge” or “I really studied hard and I deserve a better grade” are not academic grounds.*

In order to be fair and consistent with regards to the entire class, individual grades are not negotiable. **We cannot provide “extra credit” assignments. Marks for assignments and tests will not be “rounded” or “bell-curved”.** Contact the Course Director about marks **ONLY** if there is a clear error in your grade (calculation, clerical, etc.) within ONE week of the test score being made available to you.

MISSED LABORATORY SESSIONS

Please refer to the Lab manual notes, posted on Moodle for the policy of missing a Lab Session. The same link (<http://science.apps01.yorku.ca/machform/view.php?id=84113>) should be used to inform the Instructor of the missing Lab session and to submit proper documentation to analyze the eligibility of missed Lab session.

RECORDING LECTURES:

Photographs or video recordings of any portion of the lectures (including slides) are PROHIBITED. Images and material presented are subject to Canadian copyright law. Audio recordings are permitted provided they are used ONLY as a personal study aid, and are NOT sold, passed on to others or posted online. Remember the lectures are the intellectual property of the professor and cannot be distributed without permission. Lectures can ONLY be recorded from your seat. No recording devices are permitted at the front of the room, including front table(s), the lectern and computer area.

E-MAIL POLICIES AND ETIQUETTE:

Before you send an e-mail with an inquiry regarding the course or course material, please check this Course Outline document and other documentation posted on Moodle for answer. I will not respond to inquiries, for which the response is already provided here or on Moodle.

I will try to respond to email within two working days, but this is not always possible. I may also answer your question in the next class meeting if appropriate. Questions and answers that I deem of interest to the entire class will be posted on the appropriate discussion board or sent via course announcements if urgent.

Emails that do not meet the requirements below may not be answered:

- Use your @yorku.ca email address when emailing instructors and others within the university. Email from other sources may be filtered out and not reach the intended recipient.
- SUBJECT LINE - Include the course code, course section and brief indication of topic. For example: BIOL3150 – Question Regarding Gram Staining
- **Include your NAME and STUDENT NUMBER at the end of each email.** This is the only way I can access your course information is via your student number.
- Remember, you are in a professional environment and thus all your written correspondence, including emails, should be professional. This means full sentences, proper grammar, NO text message lingo.

MOODLE DISCUSSION BOARDS: Students are encouraged to participate in the online Moodle forums to discuss course concepts, organize study groups, and ask questions relating to Biology. The discussion on the forums has typically been polite and respectful, and we hope this will continue. Students are expected to follow the code of conduct when using the Moodle forums:

- Be sure to read the other threads before you post a question to see if your question has already been answered. If your question hasn't already been asked, please post in the most appropriate area. (e.g., if your question is about a lab submission, your post should be in the "Laboratory" forum.)
- When posting, use a clear, informative subject line and be clear specific and professional.
- Post comments appropriate to the particular discussion. Off-topic posts may be moved or deleted.
- Post only material relevant to BIOL 3150. Other posts will be deleted.
- While it is appropriate to engage in debate/ discourse on biological topics, such discussions should be respectful and evidence-based. Evidence should be from trusted sources – consult with the library if you are not sure! (See: <http://www.yorku.ca/webclass/module4a.html>)
- Discussions are monitored. Messages containing personal attacks, inappropriate language, or other disrespectful contents will be removed. Irrelevant material will also be removed. Follow the York University Student Code of Conduct <http://www.yorku.ca/oscr/codeofrr.html>
- If you notice any inappropriate threads please contact the Course Director.
- Any posts which appear to violate our code of conduct may be edited, moved or deleted at the discretion of instructors/moderators. If posts give indications of violations of academic honesty or the York University student code of conduct, further action will be taken.

Disclaimer: While Moodle moderators / instructors will attempt to remove (or edit) objectionable/inappropriate material as quickly as possible, it is not always possible to review every post. All posts made on the forums express the views and opinions of the author and not the moderators / instructors (except for posts by these people) and they cannot be held liable.

ACCOMMODATION STATEMENT:

Students who feel that there are extenuating circumstances that may interfere with their ability to successfully complete the course requirements are encouraged to discuss the matter with the Course Instructor as soon as possible (**i.e. the 1st week of term**). Students with physical, learning or psychiatric disabilities who require reasonable accommodations in teaching style or evaluation methods are encouraged to consult with the Office for Persons with Disabilities (OPD) and ensure that requests for appropriate accommodations are arranged with the course instructor (in the 1st week of term). Please note: "Senate policy states that students are expected to monitor their progress in courses, taking into account their personal and academic circumstances, and to make the necessary adjustments to their

workload to meet the requirements and deadlines." (From Senate Policy of Students' Responsibilities in the Petition/Appeal Processes: <http://www.yorku.ca/univsec/senate/committees/sac/sturesp.htm>)

- Please submit CDS Accommodation letters to the Instructor (me) or Undergraduate Office (LSB101) by September 15th, 2018. Please email dgkotra@yorku.ca to make us aware of submissions.
- Please also inform instructor of any religious observance conflicts occurring at any point during the semester, for which accommodation will be required, by September 20th 2017. Please email these dates to dgkotra@yorku.ca and submit supporting documentation to the undergraduate office (LSB 101).

University Policies

Academic Honesty and Integrity

York students are required to maintain the highest standards of academic honesty and they are subject to the Senate Policy on Academic Honesty (<http://secretariat-policies.info.yorku.ca/policies/academic-honesty-senate-policy-on/>). The Policy affirms the responsibility of faculty members to foster acceptable standards of academic conduct and of the student to abide by such standards.

There is also an academic integrity website with comprehensive information about academic honesty and how to find resources at York to help improve students' research and writing skills, and cope with University life. Students are expected to review the materials on the Academic Integrity website at - http://www.yorku.ca/spark/academic_integrity/index.html

Access/Disability

York University is committed to principles of respect, inclusion and equality of all persons with disabilities across campus. The University provides services for students with disabilities (including physical, medical, learning and psychiatric disabilities) needing accommodation related to teaching and evaluation methods/materials. These services are made available to students in all Faculties and programs at York University.

Student's in need of these services are asked to register with disability services as early as possible to ensure that appropriate academic accommodation can be provided with advance notice. You are encouraged to schedule a time early in the term to meet with each professor to discuss your accommodation needs. Please note that registering with disabilities services and discussing your needs with your professors is necessary to avoid any impediment to receiving the necessary academic accommodations to meet your needs.

Additional information is available at the following websites:

Counselling & Disability Services - <http://cds.info.yorku.ca/>

Counselling & Disability Services at Glendon –

<http://www.glendon.yorku.ca/counselling/personal-counselling/what-is-counselling/>

York Accessibility Hub - <http://accessibilityhub.info.yorku.ca/>

Ethics Review Process

York students are subject to the York University *Policy for the Ethics Review Process for Research Involving Human Participants*. In particular, students proposing to undertake research involving human participants (e.g., interviewing the director of a company or government agency, having students complete a questionnaire, etc.) are required to submit an *Application for Ethical Approval of Research Involving Human Participants* at least one month before you plan to begin the research. If you are in doubt as to whether this requirement applies to you, contact your Course Director immediately.

Religious Observance Accommodation

York University is committed to respecting the religious beliefs and practices of all members of the community, and making accommodations for observances of special significance to adherents. Should any of the dates specified in this syllabus for an in-class test or examination pose such a conflict for you, contact the Course Director within the first three weeks of class. Similarly, should an assignment to be completed in a lab, practicum placement, workshop, etc., scheduled later in the term pose such a conflict, contact the Course director immediately. Please note that to arrange an alternative date or time for an examination scheduled in the formal examination periods (December and April/May), students must complete an Examination Accommodation Form, which can be obtained from Student Client Services, Student Services Centre or online at http://www.registrar.yorku.ca/pdf/exam_accommodation.pdf

Student Conduct in Academic Situations

Students and instructors are expected to maintain a professional relationship characterized by courtesy and mutual respect. Moreover, it is the responsibility of the instructor to maintain an appropriate academic atmosphere in the classroom and other academic settings, and the responsibility of the student to cooperate in that endeavour. Further, the instructor is the best person to decide, in the first

instance, whether such an atmosphere is present in the class. The policy and procedures governing disruptive and/or harassing behaviour by students in academic situations is available at - <http://secretariat-policies.info.yorku.ca/policies/disruptive-andor-harassing-behaviour-in-academic-situations-senate-policy/>
